2017 – Ph.D. fellow at Maastricht University - United Nations University (MERIT), currently Junior Visiting Scholar at Nuffield College (Oxford University)

Stefania worked for the Italian Institute for Foreign Trade, then as research assistant at the European University Institute and at the Social Security department of the UN-International Labour Organization in Geneva. Her master thesis was awarded the 2010 Villa Favard Prize. In 2011, she was a consultant at the Italian Ministry of Economics and Finance in Rome. In September 2012, she joined Maastricht University (UNU-MERIT) to start her Ph.D. Currently, she is visiting Nuffield College (Oxford University). Her research interests lie in microeconomics, behavioural and experimental economics, institutional economics.

Giulio

Master in Economia politica (2009)

2017 – Expert at Banca d'Italia

In 2014 I joined the economic research office at the Turin branch of the Banca d'Italia. Here I contribute to reports on the regional economy and to research projects with people from the branch network and the directorate for economics and statistics.

A portrait of a man with short brown hair and glasses, wearing a dark suit, white shirt, and a patterned tie. He is standing in front of a green, leafy background.

Lorenzo

Master in Economia Politica (2008)

2016 – Assistant professor of economics,
University of Wisconsin-Madison

2016 – Ph.D in Economics, Yale University

I do research in empirical industrial organization at UW-Madison. My research topics include new methods for estimating game-theoretic models, the impact of political connections on market structure, and inter-state competition in the US market for corporate law. After my master in Firenze, I got advanced degrees from Pompeu Fabra and EUI.
